Register Online with the Family Care Safety Registry

The Family Care Safety Registry (FCSR) helps protect seniors, children, and the disabled by conducting background screenings on long term care workers, child care workers, and personal care workers. If you are an employee or a job applicant in one of these fields, you must register with the FCSR before background screenings can be requested. Registering with the FCSR means you will provide personal information and agree to background screenings for employment purposes as defined in state law. There is a one-time registration fee of $10.00.

Submitting your registration online is faster than the mail. Instead of the cost of a stamp, there will be a $1.00 processing charge added to your fee.

To register online you will need:

- Internet access
- Your Social Security number
- A credit card or debit card

The online system works best with Internet Explorer.

The web address to access the FCSR Background Screening and Employment Eligibility System (BSEES) for online registration is at the end of this document.

From the FCSR-BSEES homepage, click the Registration button to begin.
